Staying in Touch

from Kathy Sullivan

You simply cannot put a value on peace of mind. Knowing that your home is safe and secure is priceless. Whether you've lived in the same house for decades, or you recently moved to a new residence, your home is your private sanctuary where you can relax and unwind at the end of the day. Filled with fond memories and treasured keepsakes, your home is your special place to spend time with loved ones and friends.

To keep your home safe in every day life and for life's unexpected emergencies, you can put measures in place to be sure you are prepared when you need to be. One of the best ways to plan for any situation is to have suitable quality phones in your home. Whether it's a medical emergency, inclement weather or just wanting to chat with a loved one, a high quality landline phone, like those in our Classic and Signature Series, provides you with an indispensable lifeline to others. If the power goes out or you need assistance, and you have phone service, just hearing a voice on the other end of the line can be all the reassurance you need. Placing landline phones in key areas such as the bedroom, living room and kitchen ensures easy access to a phone when you need it.

At QLT, we are committed to providing you with dependable products and services. The section in this brochure titled, "QLT Phones: Dependable & High Quality," highlights some of the phones that are available to you. We think you will find just what you are looking for to help you feel safe and secure in your home.

And as a token of our appreciation for your patronage, we have enclosed a 2014 calendar for your convenience. We want to thank you for being our customer and we wish you a happy and healthy new year.

Sincerely,

Kathy Sullivan,
CEO
QLT CLS

Here's a comment from one of our satisfied customers in Pennsylvania:

"I bought my own phone which was a huge disappointment! The phone failed within the first year and when I took it back, found out it only had a 90 day warranty. And no one could fix it! With leasing, I don't have to worry at all. The service is immediate. I get to speak to someone immediately, and I get a replacement immediately, when promised." - D Mallin, PA

Giving you Peace of Mind:

QLT Phones: Dependable & High Quality

Whether you own your home or rent an apartment, having a quality telephone is an essential lifeline. When reaching out to friends, family or emergency personnel, our product line of dependable phones will ensure you are connected when you need to be. Our phones give you the quality and reliability that is necessary for a safe and secure home. If the electricity were to ever go out, your corded phone will likely work to keep you connected to your family, friends and utility companies.* Now that's peace of mind.

Our **Classic phones** are built with solid construction in designs that stand the test of time. Our **Signature Series** phones include all of the durability and style of the Classic phones, yet with added features for your convenience. All Classic and Signature phones include

real bell ringers which are easier to hear than other types of ringers so you will never miss an important call. Other practical features include adjustable volume, larger buttons, lighted dial and adjustable handset volume. And to complement the décor of your home, we offer these phones in a variety of colors.

And if for some reason your leased phone is working less than perfectly, remember you are covered by our

Unconditional Replacement Policy with our Next Business Day service when

your order is placed before 6 pm ET (M - F). Simply call our toll-free **Lease Customer Helpline at 1 (800) 555-8111, (M - F, 8 am - 7 pm ET)** or contact us through our web site, www.qltcls.com. We are here for your convenience!

*Regular phone lines are not sourced by electricity and will most likely continue to provide phone service if the electricity goes out. If your phone service is provided by your cable company, or Internet provider, if the electricity goes out, your phone service will not work.

Home Safety

In addition to having quality telephones in strategic areas of your home, here are some other safety tips to make sure your home is safe and secure, inside and out.

Inside the home:

- ✓ Check smoke detectors, carbon monoxide detectors or radon detectors to be sure they are functioning properly; change batteries once a year
- ✓ Make an emergency plan in case evacuation of your home is needed so everyone knows where to go and meet up
- ✓ Keep emergency supplies on hand such as non-perishable food, drinking water and a stocked first aid kit
- ✓ Install grab bars in the shower and secure throw rugs to avoid slips and spills

Outside the home:

- ✓ Install motion-sensor lighting at all entrance ways and keep paths well lit
- ✓ Store all yard and gardening equipment safely and make sure any chemicals are out of reach
- ✓ Check all patio and deck spaces for uneven surfaces like patio pavers and wood that may be coming loose
- ✓ Install door and window locks that are easy to manipulate but still provide top security

Protect Your Vision and Hearing

Good hearing and vision are important for added security. They can help alert you to dangerous situations and prevent falls. Our **Lease Rewards®** card offers you excellent care that may not be available from your insurance provider. With your **FREE Lease Rewards®** card, you can **save 20-60%** on vision care and **10-20%** discount on hearing care through local providers!

For optimum vision and hearing, vitamins and supplements are an easy, proactive way to make sure we continue to get the nutrients we need. You can **save 25-50%** on vitamins, supplements and personal care items available through a mail order catalog!

You are also eligible for up to a **60%** discount on prescription drugs. You receive great savings just for being a lease customer!
