Staying in Touch from Kathy Sullivan

My column is always called "Staying in Touch" and in this issue, that is also the underlying theme of the newsletter. Today there are so many different ways to stay connected. Why just recently, my kids were talking about Facetime, a way they can talk to someone on their cell phones and see each other at the same time! Other than Gene Rodenberry, who would have dreamed that one day it could be that easy to communicate across miles? While technology certainly has "boldly gone where no man has gone before," it can be temperamental, particularly if you travel into an area with no WiFi or forget to charge up that cell phone. That is why QLT has always been, and continues to be pleased to offer you a variety of different types of quality landline and cordless phones, answering machines and special feature telephones.

Today there are so many new ways to communicate. Facetime is one, but there are others such as Facebook, Skype, Twitter and texting, to name just a few. Sure, I enjoy using my cell phone when I'm away from the house but in my humble opinion, when I'm in the house I still prefer to use my leased phones. I know they are dependable, easy to use and provide me with amazing sound quality.

For those of you who have warmed up to the new technology, or if you like to work crossword puzzles, for a little fun, we've included a list of 10 popular texting abbreviations in a crossword puzzle. This will be helpful if you are learning to text or email! You'll definitely impress your children and grandchildren with how hip you are when you start interspersing them into your texts and emails.

And if your eyes need a tune-up from looking at the small screens on the cell phones, we can help you there, too. Take advantage of our popular and **FREE Lease Rewards**® card available to you just for being a valued customer. You can save on Vision care, Hearing care, Prescription drugs and Vitamins! Getting started is just a phone call away at **1 (888) 831-4311** or by signing up with the attached form in this issue of the *Lease News & Views*. Get your free card today and start saving!

Sincerely,

A handwritten signature in black ink that reads "Kathy Sullivan".

Kathy Sullivan, CEO

It is always so wonderful to hear from you. I'd like to share a recent comment from a valued customer:

"I've been with you for several years and couldn't be happier with my phone and (Caller) I.D.! If anything goes wrong, I call you and have the new one at my door the very next day. Incredible! Seems like you have a business in the same town! I am hard of hearing and your Speakerphone is a godsend."
- Mrs. Cluff, AZ

Drop us a line with any questions or comments. We would love to hear from you!

Denise Morrison
QLT Consumer Lease Services

Staying Connected with Loved Ones and Friends

Aside from good health, nothing is more important than being able to stay connected to your family and friends. We take great pride in providing you with quality phones, exceptional service and peace of mind that allows you to stay connected to your families easily. While nothing can replace face-to-face communication, most of us do not live next door to our family. So we need reliable phones to help us stay in touch. Our phones are designed, built and reconditioned to our high quality standards. Our product line includes **Classic** phones featuring nostalgic styles and real bell sounds, as well as the latest equipment, such as Cordless Telephones, Speakerphones, Caller ID and more.

Our phones have such good sound quality you almost feel like the person you are talking to is in the next room instead of miles away. To help achieve this, our **Classic** phones are built with solid construction in designs that stand the test of time. Our **Signature** Series phones include all of the

durability and style of the **Classic** phones, yet also include added features for your convenience. All **Classic** and **Signature** phones include real bell ringers

Classic Phones

which are easier to hear than other types of ringers so you will never miss an important call. The **Signature** Series includes adjustable handset and ringer volume control plus other features like large buttons. And to complement the decor of your home, we offer these phones in a variety of colors.

Signature Series

Your children and grandchildren are texting and Skyping, and these advances are great. But there's still something to be said about the peace of mind you get when you know you are using a good quality landline phone. By leasing one of our phones, we guarantee that you will be able to stay in touch effortlessly, as long as your phone service works. And with our Unconditional Replacement and Exchange Policies and Standard Next Business Day service, if a problem should arise just call us and you'll receive your replacement the following business day.

Maintaining Good Hearing

We know how important it is to be able to hear those around you and that is why some of our phones that are hearing aid-compatible have volume adjustment

features. If you have noticed a decrease in your hearing lately, it may be time to have it checked. With your **FREE** Lease Rewards® card, you

can receive a **10-20% discount** on hearing care through local providers. As your partner in good health, we're proud to be able to offer you these discounts, as well as discounts on such things as Vision care, Vitamins and Prescription drugs! Just by being a valued customer you automatically qualify for the **FREE** card. These valuable programs will help you look and feel your best all year long!

Fun Phone Facts

- Alexander Graham Bell thought the phone should be answered with "Hoy, Hoy" instead of "Hello."
- By 1910, New York Telephone had 6,000 women telephone operators.

Sources: Answers.com, Mashable.com and CNN.com

- Mark Twain was one of the first to have a phone in his home.
- As a tribute to Alexander Graham Bell when he died in 1922, all the telephones stopped ringing for one full minute.
- The world's first mobile phone call was made in 1973 by Motorola employee Martin Cooper from the streets of New York City.
- The first commercial cell phone hit the market in 1983 and weighed in at 2 lbs and cost \$3900!
